

On behalf of Operations and the HGSE Green Team, wishing you all a wonderful start to the spring semester!

LIVE IT

MONTHLY HGSE GREEN TEAM MEETING – Thursday, February 18, 1- 1:45pm EST on Zoom

All students, faculty and staff interested in making our school healthier and more sustainable are encouraged to join. We share the sustainability projects each of us is currently working on (for school, work or at home); reflect on our team’s most recent initiatives; and will build our spring project of a renewed Harvard Sustainability Pledge. Beyond providing a space to tackle projects, meetings provide a great opportunity to get to know people from across the Ed School. Find the Zoom login info for the meeting [here](#) and join our community over email by subscribing to [the HGSE Green Team listserv](#).

LEARN IT

READ PROF. FERNANDO REIMERS AND HGSE ALUMNI/AE’S [EDUCATION AND CLIMATE CHANGE: THE ROLE OF UNIVERSITIES](#)

Explore this [Open Access book](#) by [Prof. Reimers](#) and some of his former students, which has been downloaded over 4,500 times since it was published late last year and translated into [Spanish](#). Prof. Reimers added, “There are now colleagues in various universities around the world adopting the approach I developed and present in the book to educate our students on these important issues.”

HARVARD’S [VIRTUAL FIXIT CLINIC](#) - Saturday, February 13th, 1:00pm EST, online

Virtual Fixit Clinics assemble the world's greatest troubleshooting talent to address whatever's presented through the magic of internet teleconferencing. Show your broken item to the global assembly of community repairers and get suggestions for things to try. After all items are presented, we match participants and their items with repairers in Zoom breakout rooms to implement the suggestions and, hopefully, fix the items. Check in and learn more at <http://bit.ly/fixitcheckin> and <https://green.harvard.edu/events/>

EXTRA CREDIT

Spend 30 minutes doing (almost) nothing – Wednesdays and Thursdays, 2:30pm – 3:00pm EST

Join the HKS Green Team for their [twice weekly meditation sessions](#) online. Open to all at Harvard and intended for first-time meditators, expert meditators, and everyone in between. You can join any session any time—they do not build on each other. Contact: Jessica De Simone, [jessica de simone@hks.harvard.edu](mailto:jessica_de_simone@hks.harvard.edu).

Donate to the always popular [Harvard Valentine's Cosmetics, Hygiene and Totes Drive](#) – Through 5:00pm EST on February 8th at 28 Travis Street, Allston

In person: For those of you in the Boston area, consider gathering up your unneeded cosmetics, toiletries, and reusable tote bags to donate to Harvard Recycling's annual donation drive to benefit the [YWCA Cambridge](#) family shelter's [Valentine's Day party](#). Bring your donations to the Harvard Recycling warehouse at 28 Travis St and drop them off in the covered bins labeled with the cosmetic drive poster by both entrances to the building. Parking is available at both entrances.

By mail: Alternatively, as our peers at Radcliffe are doing, box up and send your donations from wherever you are directly to the Harvard Recycling Manager, Kieran Clyne: "Harvard Cosmetic Drive," C/O Kieran Clyne, 28 Travis St, Allston, MA 02134.

Best Regards,
Anne
